The Secretary General of the International Investors Association of Georgia, Osman Chalishan Mzhavanadze hosted representatives of the Austrian Company "RHI MAGNESITA". The main goal of the Austrian investors meeting is to make new investments in Georgia, in particular, refractory glass manufacturing. The company "RHI MAGNESITA" employed 40 000 people around the world. The Secretary General briefed the guests about the existing business environment in Georgia and offered places in Adjara region where possible the production of equipment. In case of agreement, 400-500 local people will be employed in Georgia, in particular, in Adjara.
